

Stainless Steel Compact Foamer/Sprayer Rack

MODEL # 224301

OVERVIEW

This heavy duty, all stainless steel rack is the ideal way to store Compact Foamers, Sprayers and other hose-end attachments to protect them from accidental damage and abuse.

Key Features

- Accommodates any Lafferty Compact Foamer or Sprayer - including city water pressure units (machined polypropylene) and high pressure units (stainless steel)
- Slide the nozzle into the round opening and set the quick connect fitting in the cradle
- Works with the activation gun/valve and hose assembly attached, or store just the bottle and injector assembly
- Creates a proper storage solution for compact units and reduces equipment loss
- Protects your equipment investment by discouraging damage due to dropping and dragging compact units
- Makes it easy to switch between different compact units or chemicals
- Simple, curved stainless steel design has no seams or pockets to trap unsanitary debris
- Left-handed model available (contact us for details)

Specifications

- 4.25" wide
- 2" high
- 3.5" max. protrusion from wall
- 1/4" mount holes (mounting hardware not included)
