

Sentry Hand Sanitizer Dispenser (Wall Mount)

MODEL # 976906

OVERVIEW

The Sentry Hand Sanitizer Dispenser (Wall Mount) is a hands free, all stainless steel dispenser for gel and liquid hand hygiene products (sanitizer or soap). Foot pedal activation eliminates contamination due to hand contact, and a stainless steel mechanical pump sprays a field-adjustable amount of product into the users hand. The wall-mounted, industrial design is perfect for dispensing hand sanitizer in food preparation areas, hospitals, military facilities, retail store entrances, and countless other locations.

Key Features

- Completely foot operated - no hand contact points
- Ideal for transition zones to prevent cross-contamination
- No electricity required - no batteries or electric costs
- Draws liquid or gel sanitizers and soaps from any container
- Does not require expensive, specially-designed chemical packages, which allows the cost savings afforded by using bulk packaged products
- Easy to switch products
- Machined stainless steel pump and all stainless steel construction - built to last!
- Pressure damper absorbs shock from harsh "stomping" on the foot pedal
- Performance tested to over 1 million strokes
- Adjustable from 2,800 to 8,400 dispenses per gallon
- Side-by-side field tests indicated a preference for the Sentry over other available dispensers
- Made in the USA
- Available in a free-standing configuration (#976901)
- See other Lafferty sanitation equipment in [Catalog 6](#) and an interactive Sentry guide in the [Lafferty Learning Center](#)

Includes

- All stainless steel housing and mounting brackets
- Machined stainless steel dispensing pump
- Output volume adjustment knob with locking nut
- Chemical suction tube and strainer
- Sturdy stainless steel foot pedal
