

# Model 40 SS Combo Airless Foamer / Sprayer Kit

MODEL # 969725

## OVERVIEW

Designed for 5.5–8.0 GPM pressure washers. The Model 40 Stainless Steel Combo Airless Foamer / Sprayer Kit is a **high volume** airless foam and spray applicator featuring a quick connect chemical injector that attaches to a pressure washer outlet. This venturi unit draws and blends chemical concentrate into the water stream to create an accurately diluted solution. The solution then flows through the hose and gun to the airless foam wand which injects atmospheric air to create and project wet, clinging foam on to surfaces up close or at distances up to 30 feet with interchangeable fan and zero degree nozzles. Quick connect the fan pattern sprayer nozzle to apply non-foaming chemicals.

## Key Features

- Designed for use with 5.5–8.0 GPM pressure washers
- Draws chemical out of any sized container and accurately dilutes to the required ratio
- Chemical injector at the pressure washer output eliminates the need to carry chemicals
- Quick connect the airless foam wand to project wet, clinging foam
- Foam increases chemical contact time and effectiveness, and provides visual confirmation of coverage
- Foam impacts at a lower pressure than spray, allowing a pressure washer to be used on more delicate surfaces
- Use the fan pattern foam nozzle for close-range coverage or the zero degree foam nozzle for increased range (up to 30')
- Quick connect the fan pattern sprayer nozzle to apply a chemical spray
- Your equipment is protected because no chemical passes through the pump
- Industrial-strength, all stainless steel design for durability and reliable performance
- Available for lower volume pressure washers (#969710, 969720)
- Available with a bypass diverter valve to reduce volume output (#969762)
- See other Lafferty high pressure applicators in [Catalog 3](#)

## Includes

- Quick connect machined stainless steel injector body
- 6' chemical suction tube and strainer
- 20 color-coded precision metering tips to set dilution ratios
- 1/4" quick connect machined stainless steel airless foam wand with fan and zero degree nozzles
- 1/4" quick connect fan pattern spray nozzle

## OPTIONS

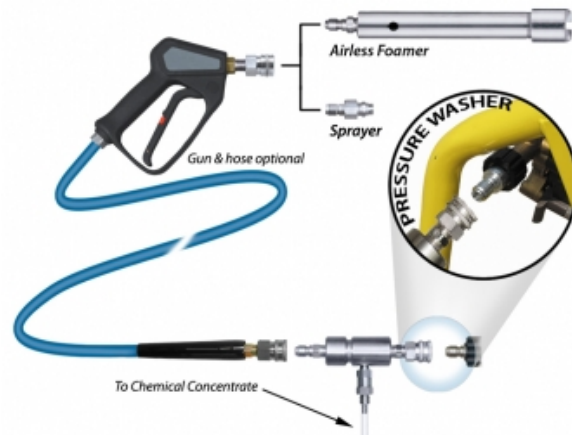

### Stainless Steel Hose Racks

Large Stainless Steel Hose Rack # 224150

### Safe Flow Lid™ for 1 Gallon Jugs

Lid, Suction Tube, and Strainer # 709101

Drum & Tote Sticks Available

## REQUIREMENTS

<b>Water Temperature</b>	up to 180°F
<b>Pressure Washer</b>	5.5 - 8.0 GPM
<b>Discharge Hose</b>	1/2" ID recommended

## APPLICATIONS

- House and Roof Cleaning
- Agriculture/Horticulture
- Animal Health
- Vehicle Wash
- Concrete
- Dairy
- Food & Beverage
- Industrial
- Janitorial/Sanitation
- Metal Processing
- Military
- Pressure Wash
- And Many Other Applications!
