Central Pump System, Stainless Steel / Santoprene

MODEL # 919060SS

OVERVIEW

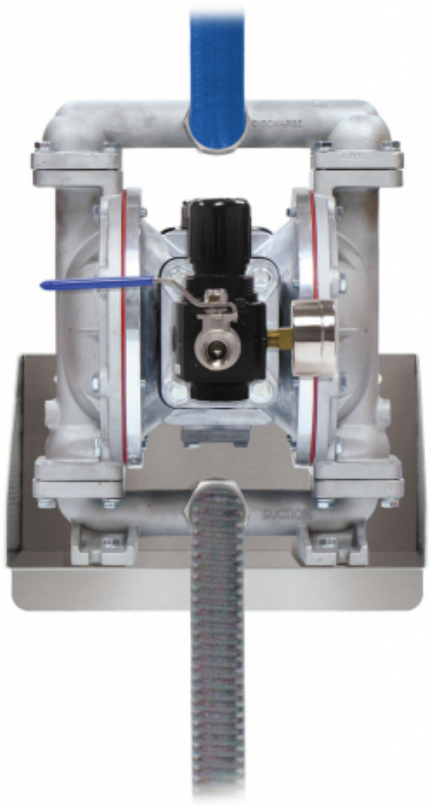

The Stainless Steel Central Pump System is a compressed air driven system that will pump neat or ready to use chemical solutions for a variety of applications. Used to transfer chemicals, fill vessels and feed remote Pump Fed Foamers or Sanitizing Hose Drop Stations. As a transfer system it will pump up to 35 GPM and as a central chemical feed system it will pump up to 25 GPM @ 65 PSI. Santoprene diaphragms standard, Teflon optional.

Key Features

- Designed to pump neat or ready-to-use chemical solutions for a variety of applications
- Use this system in conjunction with a Level Master to ensure a constant supply of RTU chemical solution
- When used as a transfer system, it pumps up to 35 GPM
- As a central chemical feed system it pumps up to 25 GPM @ 60 PSI to drive Pump-Fed Foamers, Sanitizers, or Multifunction Hose Drop Stations throughout a facility
- Heavy-duty metallic AODD pump with all stainless steel wetted components
- Santoprene diaphragms (Teflon upgrade #710943)
- See pump-fed chemical applicators in Catalog 5
- For more information on building a centralized chemical management system, see our Pump Fed Central System Planning Tool

Includes

- Stainless steel mounting bracket
- Stainless steel compressed air ball valve
- Air regulator with pressure gauge
- 1" AODD pump with Santoprene diaphragms and stainless steel wetted components
- 10' chemical solution suction tube with strainer
- 15' x 1" connection hose

OPTIONS

Available with Teflon Diaphrams

Teflon Upgrade (Santoprene Standard)	# 710943

Level Masters Provide an Automatic Supply of Ready-to-Use Chemical

Level Master (Various Tank Sizes)	# 989304
Gemini Level Master (Various Tank Sizes)	# 989316

Drum & Tote Stick Lengths & Seal Materials

Drum Stick, 33" (Viton or EPDM)	# 491643 / 491643-E
Drum Stick, 48" (Viton or EPDM)	# 491648 / 491648-E
Drum Stick, 54" (Viton or EPDM)	# 491645 / 491645-E
Tote Stick, 33" (Viton or EPDM)	# 491653 / 491653-E
Tote Stick, 48" (Viton or EPDM)	# 491654 / 491654-E
Tote Stick, 54" (Viton or EPDM)	# 491656 / 491656-E

REQUIREMENTS

Ready-to-Use Chemical Solution

Compressed Air	up to 35 CFM
Hose	1" ID x 15'

APPLICATIONS

- Food & Beverage
- Chemical Transfer
- Pump Fed Central System
- Agriculture/Horticulture
- Animal Health
- Dairy
- Hatchery
- Industrial
- Paper Mill
- Pharm/Bio
- And Many Other Applications!
