AF Teat Foamer

MODEL # 935208

OVERVIEW

The AF Teat Foamer is a unique airless foam applicator for foaming teat dips. This pump-driven system uses compressed air to power an AODD pump to draw and pressurize ready-to-use teat dip. The solution flows through the discharge hose and trigger gun to the airless foam nozzle which draws in atmospheric air to create a low volume of wet, clinging foam in the heavy-duty swiveling teat foam cup.

Key Features

- Applies teat dips quickly and effectively
- Lightweight hose-end assembly allows for easy handling
- Positive shut-off trigger gun prevents the unit from wastefully running unattended
- Easy to use, no adjustments necessary
- The unique teat cup holds, and continually refreshes, the perfect amount of teat dip foam
- Teat cup rotates for ease of application
- Creates a low volume of wet, clinging foam which increases chemical contact time and effectiveness
- Chemical resistant wetted components ensure years of outstanding performance with minimal maintenance
- Available as a compressed air assisted foamer (#935200)
- See other configurations of Lafferty compressed air driven foamers in Catalog 4

Includes

- Stainless steel enclosure
- FloJet air pump
- 25' discharge hose & trigger gun
- Machined airless foam nozzle
- Machined, polypropylene teat foam cup

REQUIREMENTS

Ready-to-Use Chemical Solution

Compressed Air	up to 1.5 CFM
Hose	3/8" ID x 25'
Nozzle	Teat Foam Gun

OPTIONS

Stainless Steel Hose Racks

Small Stainless Steel Hose Rack	# 224145

Stainless Steel Jug Racks

2 ½ Gal. (8 ½" x 10 ½")	# 224210
5 Gallon (12" x 12") Round/Square	# 224215

APPLICATIONS

- Animal Health
- Dairy
