# A-40 SS Airless Foam Wand

**MODEL # 969400**

## OVERVIEW

Designed to replace the black soap nozzle on pressure washers that use a factory chemical injector. The A-40 Airless Foam Wand quick connects to a pressure washer gun and injects atmospheric air into the chemical solution to greatly increase volume and coverage ability. This stainless steel unit will create and project wet, clinging foam on to surfaces up close or at a distance.

### Key Features

- Designed for pressure washers equipped with a factory chemical injector
- Replaces your black soap nozzle with an airless foam wand that projects wet, clinging foam to increase chemical contact time & effectiveness
- Foaming expands the chemical solution and reduces over-application by providing visual assurance of coverage
- Applying foam lowers the application pressure and allows for more delicate surfaces to be cleaned with a pressure washer
- Industrial-strength, all stainless steel design ensures durability and reliable performance
- Open flow (zero degree) foam output
- Available with a fan nozzle (#969402)
- Available as a combination system with a stainless steel chemical injector and sprayer nozzle (#969720)
- See other Lafferty high pressure applicators in Catalog 3

### Includes

- Machined stainless steel Airless Foam Wand
- Stainless steel quick connect plug

## REQUIREMENTS

| | |
|---|---|
| **Water Temperature** | up to 180°F |
| **Pressure Washer** | Must have factory equipped chemical injector that operates properly using a black soap nozzle |
| **Discharge Hose** | 3/8" ID minimum |

## APPLICATIONS

- Roof Cleaning
- Building Maintenance
- Agriculture/Horticulture
- Animal Health
- Vehicle Wash
- Concrete
- Dairy
- Industrial
- Military
- Pressure Wash
- And Many Other Applications!

## OPTIONS

**Pressure Washer Hose & Trigger Gun**

| | |
|---|---|
| HP 3/8" x 50' Hose & Trigger Gun Kit | # 807069 |

**Safe Flow Lid™ for 1 Gallon Jugs**

| | |
|---|---|
| Lid, Suction Tube, and Strainer | # 709101 |
