

Pump Fed Airless Foamer

MODEL # 920905

OVERVIEW

The Pump Fed Airless Foamer is a medium volume foam applicator for projecting foaming chemicals on to any surface up close or at distances up to 6 feet without compressed air. This unit receives ready-to-use chemical solution from a central chemical feed system and projects it through the discharge hose to the "airless" foam wand which draws in atmospheric air to create and project wet, clinging foam.

Key Features

- No compressed air required
- Receives ready-to-use chemical solution from a central chemical feed system
- Designed for foam cleaning small to medium sized areas
- Projects wet, clinging foam which increases chemical contact time and effectiveness
- Foaming expands the chemical and reduces over-application by providing visual assurance of coverage
- Projects foam up to 6' (depending on solution pressure)
- Chemical resistant wetted components ensure years of outstanding performance with minimal maintenance
- Industrial-strength design holds up in tough environments
- Available with a rinse function (#920918)
- See other pump-fed applicators in [Catalog 5](#)
- Design the optimal central chemical feed system with the [Lafferty Pump-Fed Central System Planning Tool](#)

Includes

- Stainless steel mounting bracket
- Stainless steel inlet and discharge ball valves
- Machined polypropylene body
- 50' hose and stainless steel airless foam wand

OPTIONS

Stainless Steel Hose Racks

Large Stainless Steel Hose Rack # 224150

Strainer

Strainer, "Y", SS, 1/2" MF # 150350-1

APPLICATIONS

- Food & Beverage
- Agriculture/Horticulture
- Animal Health
- Dairy
- Hatchery
- Industrial
- Janitorial/Sanitation
- Pharm/Bio
- And Many Other Applications!

REQUIREMENTS

Ready-to-Use Chemical Solution

Temperature	up to 160°F
Pressure	35 to 125 PSI
Flow	1.7 GPM @ 40 PSI
Supply Line	1/2"

Hose 1/2" ID x 50'

Nozzle A-25SS Airless Foam Wand
