

# Quick Release Stainless Steel Bracket For Flojet G57 Air Pump

MODEL # 226095BRKT

## OVERVIEW

Designed by Lafferty specifically for use with the Flojet G57 air pump, the Lafferty Quick Release Bracket allows easy removal and replacement of the air pump, without tools.

### Adds a quick-release capability to any Flojet G57 pump installation

- Included as a standard component in most Lafferty systems with a Flojet G57 Air pump (for example, FPS Transfer Systems; Liberty and Liberty LF foamers and sprayers).
- Bracket consists of a single, laser-cut stainless steel plate with precision bends and a riveted top clamp.
- Includes mounting tabs with pre-drilled holes
- Clamp securely holds pump in place while allowing quick release without tools

### To install pump

- Place bottom lip of pump against base of bracket, behind the metal tabs
- Push top of pump back against the bracket until the top clamp snaps firmly over the lip of the pump

### To remove pump

- Grasp the pump firmly with one hand
- Press up on the top clamp to release the pump
- Gently pull the top of the pump forward to clear the clamp
- Lift the pump upward and slightly forward away from the bracket

### Other Popular Lafferty Accessories

- Stainless Steel Chemical Jug Racks (#224195 - #224216)
- Stainless Steel Hose Racks (#224140 - #224150)
