

# 633 1-Way SS Fogger

MODEL # 950001-SS

## OVERVIEW

The 633 1-Way Stainless Steel Fogger is a damp mist sprayer that uses compressed air (3.7 CFM @ 80 PSI) and venturi action to draw ready-to-use chemical solution from a nearby container and project it up to 15 feet. The adjustable output can wet surfaces at close range or spray mist (fog) into the air to cover exposed surfaces and penetrate hard-to-reach areas.
