

Portable 5 Gallon 305 4-Way SS Fogger

MODEL # 950701-SS

OVERVIEW

The Portable 5 Gallon 305 4-Way Stainless Steel Fogger is a damp mist sprayer that uses compressed air (29.5 CFM @ 80 PSI) and venturi action to draw ready-to-use chemical solution from a user-supplied chemical pail on the stainless steel cart and project it up to 25 feet in 4 directions. The adjustable output sprays mist (fog) into the air to cover exposed surfaces and penetrate hard-to-reach areas. This unit features stainless steel fogger bodies, a telescoping mast, and can also be used as a 2-Way fogger.
