# Pump Up Foamer Pro, 3 Gallon

MODEL # 925005

## **OVERVIEW**

The 3 Gallon Pump-Up Foamer Pro is a portable foam applicator for applying foaming chemicals to any surface as high-quality, rich, clinging foam. This professional model projects foam in a wide fan pattern for quick, but still precise, foam coverage. The 3 Gallon Pump-Up Foamer Pro features a heavy-duty hose, trigger gun, and extension wand and combines the many advantages of foam cleaning with the familiar ease and portability of a typical pump-up sprayer. If compressed air is available, use the "quick charge" valve to eliminate pumping!

- Creates rich, clinging foam that adheres to surfaces longer to maximize chemical effectiveness
- Combines the advantages of foam application with the familiar ease and portability of a pump-up sprayer
- Projects the ideal amount of foam for small or large jobs requiring maximum portability
- Foaming expands the chemical and reduces over-application by providing visual assurance of coverage
- Just fill the tank with ready-to-use chemical solution, pump it up and foam!
- Use the "quick charge" valve to pressurize with an air compressor instead of pumping (must disconnect airline during operation)
- Heavy-duty, easy-grip trigger gun with locking latch
- Wide fan pattern nozzle for fast application
- Viton/Nitrile o-rings and internal seals are compatible with a wide range of cleaning chemicals (soaps/detergents) and are also resistant to acidic chemicals
- Available with EPDM seals (#925005-E)
- Available with a 1.5 gallon tank (#925004)
- Prepare perfectly blended chemical solutions with a Lafferty Mixing Station
- See other portable chemical applicators in Catalog 11
